Description

## What a Bargain for our Soccer Fans!

Simple to use... Firstly, you adhere the Soccer Ball holder to the back of your phone or phone case. Once attached, you can pull it out and use as a phone stand or alternatively, use it as a grip to securely hold your phone between your finger.

Dad can then adhere the mount in his car (or place of choice). The cradle mount is ideal for holding/displaying the phone in position once Dad has entered GPS requirements.
