Description

Exciting 3D Models displaying a number of the most visited Hotspots in the world.

In particular England, Russia and Germany.

They include the picturesque Tower Bridge in London, the majestic St Basil's Cathedral in Moscow and the spectacular New Swanstone Castle in Bavaria.

These models are generous in size, particularly when taking into account the bargain prices.

While the assorted models vary in size, the Tower Bridge Model measures approximately 32cm in length. And the Cathedral and Castle measure approximately 15cm in height.

All of these famous locations have millions of visitors each year &

are sure to be a challenge for Dad on Father's Day this year!
