

Catch Caddy 2 Pack

Affordable and extremely practical these car caddies fit snugly between the front seats and the centre console. The perfect storage spot for all of Dad's little odds and ends... that usually end up getting lost under the seat.

Description

Ideal for our neat-freak Dads or better still good for helping to organise our Dads that seem to lose everything.

Affordable and extremely practical....store loose change, mobile phones, chargers, paperwork, receipts, travel mints etc... where they are out of the way but still accessible in need.
