

Flower Ring for your Mobile

This stylish Flower Ring holder is wonderful for adding that extra security to the grip on your phone, (either with or without a case), with the flexibility of 360 degree rotation. It is so much harder to have your phone slip or knocked from your grip – when your finger is through the Ring and keeping that more secure hold.

Description

Never Drop your Phone AGAIN!

Whether Mum has an Apple Iphone, Samsung Galaxy, LG

or for that matter any smartphone – this gift is ideal!

We are all carrying our phones – when we are out with the kids, at the gym or walking the dog – and how many times do we come close to dropping our phone???

This stylish Flower Ring holder is wonderful for adding that extra security to the grip on your phone, (either with or without a case), with the flexibility of 360 degree rotation. It is so much harder to have your phone slip or knocked from your grip – when your finger is through the Ring and keeping that more secure hold.
