Description

A wonderfully versatile gift... This gorgeous Scarf Pendant is interchangeable and will brighten Mum's current scarf collection.

Whether she is dressing up her favourite pair of jeans and T-shirt or adding that finishing touch to her look - for a special family occasion...

Mum will have fun transferring this scarf pendant from one scarf to another - to another. It will give new life to a boring old scarf - that she hasn't worn in ages!

So easy to use...as the scarf simply threads through the pendant link and then removes the same way.
